CEPAL

- An idea that was born as a project and became a continental achievement
- A scientific, technical and legal fact included or adopted in 14 countries
- The life and work of many of those present here
- An example from the Americas for the World
- An ongoing process that must evolve and be adapted to the new realities

SIRGAS must decide how to continue facing GGRF and UN-GGIM: Americas

Statutes:

- Composition
- Scope
- Goals
- Control
- Sustainability...

Issues:

- Global change
- UN-GGIM actors...

$$SIRGAS = Kf(x_1, x_2, \dots, x_n)$$

Where K is the constant that defines the spirit of SIRGAS

Thank you, very much
